So a geocities site would be fine but the way we've handled almost 10,000 removal site cleanups online isn't?

Eric,

Hey there, I'm here in Durango at the JIC, wondering if there is any way that we could have the code for the sampling maps? The Colorado Homeland Security & Emergency Management here in the JIC wants to post to other media sites.

David Gray is here and mentioned that there were issues initially with the codes before posting.

Thanks!
